

There are several ways we can help our school, St. Mary's, earn money and supplies.

The first is **TOOLS FOR SCHOOLS** through Price Chopper. Price Chopper has committed \$500,000 to this program to support the schools in the communities they serve. Each dollar we spend at Price Chopper earns one point for our school and some participating products even count as double points. The top schools win Price Chopper gift card baskets. Please consider sending your name and Price Chopper Advantage card number to Dick Christy, our school coordinator, at rchristy@ogdensburgk12.org, so he can enroll you in this program. You should re-enroll each year, so even if you think you are enrolled, please send him your information anyway.

Second, is the **Box Top for Education** program. We earn 10 cents for every Box Top we clip and turn in. (Clip them and send them in to St. Mary's.) There are other opportunities to earn cash for our school online at www.boxtops4education.com. Here, you can shop online, play games, watch videos and more to earn money for our school. This program actually sends our school a check for any money earned, allowing St. Mary's to spend it how they want. Please visit the website and sign-up now to help our school. If you have any questions on this program please contact our school coordinator, Brandi Romano, at bromano3@twcny.rr.com.

Lastly, is the **Labels for Education** program. This first part of the program involves cutting UPC codes from participating products and sending them in to St. Mary's. We then submit these UPC codes and earn points for our school. We redeem these points for art, athletic and academic materials available through the program. Registering your information at www.labelsforeducation.com is encouraged to learn exciting details about the program and to get information on bonus opportunities to supplement our school earnings. The second part is the eLabel portion of the program. This portion allows you to earn extra points at the time of purchase at participating retailers (Price Chopper participates, but this is separate from the TOOLS FOR SCHOOLS program). You register your card (ex. Advantage card) at www.elabelsforeducation.com and when the product is scanned at the register, you earn a point for our school. The elabels program was designed to supplement the regular Labels for Education program so please still clip the UPCs!!! REMEMBER, THIS IS A DIFFERENT PROGRAM FROM REGISTERING IN THE TOOLS FOR SCHOOLS PROGRAM THROUGH PRICE CHOPPER LISTED ABOVE! Questions on this program can be directed to our school coordinator, Brandi Romano, at bromano3@twcny.rr.com.
